

Southend High School for Girls' Local Offer

The Local Offer

Last updated September 2021

All mainstream schools (which includes maintained schools and academies) have a similar approach to meeting the needs of pupils with SEND and are supported by the Local Authority to ensure that all pupils, regardless of their specific needs, make the best possible progress in school. All schools are supported to be inclusive, with the needs of pupils with SEND being met in a mainstream setting wherever possible, where families want this to happen.

Additionally schools have to provide details of the school specific offer this should reflect Southend Borough Council's Local Offer which can be found [Southend-on-Sea Local Offer | Livewell Southend](#)

The Code of Practice splits the main areas of SEND into four broad areas of need:

1. Communication and Interaction
2. Cognition and Learning
3. Social, Emotional and Mental Health (SEMH) difficulties
4. Sensory and/or Physical needs

Our SEND information report provides details of the resources, interventions etc. that we provide at Southend High School for Girls to support children with SEND. Due to the ever changing needs of our students, there may be additional support available that has not been covered in this document.
